City Comptroller's Report

Edmonton, Alberta,
March 20th, 1941.

His Worship the Mayor and Members of Council,
The City of Edmonton.

Gentlemen:

Herewith are submitted the Revenue and Expenditure Account for the twelve months ended December 31st, 1940, and the Consolidated Balance Sheet as at the close of the same period.

The Cash account shows an overdraft of \$568,846.75, a decrease of \$186,516.28 below the previous year. The City finished the year with a revenue surplus of \$535.92.

Following out the policy laid down by you in regard to the Renewals Reserves, the amount of \$245,000.00 has been paid over to the Sinking Fund Trustees of The City of Edmonton for safe keeping. The total amount now in their hands together with accumulated interest thereon at 4% per annum amounts to \$530,912.46.

Expenditures on permanent improvements were made as follows:

Charged to Capital Account:

	Capitalized	Pending Capitalization	Total
Electric Light	\$ 10,670.62	\$ 26,240.21	\$ 36,910.83
Power Plant	536.58	108,932.96	109,469.54

Paving	40,270.76	
Garage Addition	20,000.00	
		<u>\$ 127,625.44</u>
		<u>\$ 478,915.08</u>

From the foregoing statement you will note that the policy inaugurated in the year 1938 of charging to revenue certain general permanent improvements has been continued this year. We were unable to include the expenditure on Bridges amounting to \$38,-

119.36. It is unfortunate that this is true since the General Debt should not be increased.

TAX ARREARS AND TAX SALE LANDS

The amount of arrears outstanding as at December 31st, 1940, was \$1,540,237.39 as compared with \$1,714,861.04 in 1939, a decrease of \$174,623.65 within the year. During the past year \$44,777.36 was transferred from the Tax Rolls to Tax Sale Lands' Account, as the result of the operation of the 1939 Caveat, while \$545,849.18 was added, due to non-collection of 1940 taxes, together with \$105,695.75 representing penalties on unpaid taxes.

The total amount of Arrears and Penalties against Lands Forfeited to the City, as at December 31st last, was \$5,493,500.98 which, combined with the amount of \$1,540,237.39 above referred to makes a total of \$7,033,738.37 still outstanding. Against this, however, is a Reserve for non-collection, amounting to \$3,493,883.29, leaving a net figure of \$3,539,855.08.

During 1940 the Land Department effected net sales to the amount of \$197,795.96. The amount at which these Lands and Improvements were held was \$191,881.06 leaving a net profit of \$5,914.90. The result of these sales was to re-instate Lands and Improvements to the active Tax Rolls for the assessed value of \$326,222.00. The amount of the assessment which was removed by the operation of the 1939 Caveat was \$130,755.00. By these transactions, the assessment was increased by \$195,467.00.

showing a surplus for the year of \$535.92 as compared with \$1,152.99 for the previous year.

NET DEFICIT ACCOUNT

When the Refinancing Plan went into effect on February 1st, 1937, there were unexpended debenture funds on hand on General Account amounting to \$237,708.69 but no specific provision was made in the agreement for the disposal of these funds. One of the main purposes of the plan was to place the City in a better current position and if these funds were expended this purpose would be defeated to that extent and it has therefore seemed advisable to transfer this amount to the credit of "Net Deficit Account." The effect of the transfer is to capitalize the deficit.

The balance at debit of this account now amounts to \$206.79 made up as follows:

Balance at debit at December 31st, 1939	\$ 233,185.39
Add Net adjustments affecting previous years	5,266.01
	<u>\$ 238,451.40</u>
Deduct:	
Unexpended Debenture Funds as at February 1st, 1937, transferred	\$237,708.69
Surplus for year 1940	535.92
	<u>238,244.61</u>
	<u>\$ 206.79</u>

THE CITY OF EDMONTON PENSION FUND

By-law No. 909 passed by the City Council in 1938 to take effect from January 1st, 1939, and as amended in 1940, makes certain pension provisions for Civic Employees. The contributions to the Pension Fund by the City of Edmonton, since the inception plus interest thereon at 4% per annum amounted to \$132,260.68 as at December 31st, 1940, from which retiring allowances of \$22,531.87 have been

paid. Civic Employees' payments into the Fund together with interest thereon aggregated \$156,150.39.

The books recording the transactions of the Fund for the year have been audited by us and found in order and the securities representing the various investments have been exhibited to us.

SINKING FUND AND UTILITY RESERVE FUND

The earnings of the Sinking Fund for the year amounted to \$218,844.67, all of which was paid to the City during 1940 and went to reduce the charge for Debenture Interest and Redemption on General Account.

During the year the Sinking Fund paid over \$95,083.96 to the City for the purchase of new debentures while the City repaid \$98,102.61 on account of debentures issued to the Fund since January 31st, 1937. The above \$98,102.61 together with \$45,242.04 previously repaid was used to purchase and cancel consolidated debentures amounting to \$154,932.95.

As at December 31st, 1940, the book value of the Sinking Fund Assets, less Investment Reserve was \$5,351,600.84 and in respect to the Utilities Reserve Fund Assets was \$541,434.89.

The books recording the transactions of the Sinking Fund and the Utility Reserve Fund have been audited by us and the securities representing the various investments of both Funds have been produced to us and found in order.

GENERAL

We have been entrusted with the audit for the year 1940 of the books and accounts of the City Utilities and certain other City Departments. The audit of the remaining Departments and of the associated Boards has been carried on by the staff of the City Comptroller. The audit of the Edmonton Hospital Board has not yet been completed for the year 1940.

In our opinion the financial statements submitted herewith present fairly the position of the City at December 31st, 1940, and the results of operation for the year. We have attached our certificate to the Balance Sheet.

Respectfully submitted,

Edmonton, Alberta, February 19, 1941.

We have audited the books and accounts of the City of Edmonton Pension Fund for the year to the 31st of December, 1940. The securities representing the various investments have been produced to us and the cash and the bank balance have been verified.

In our opinion the above Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of affairs of the City of Edmonton Pension Fund as at December 31, 1940, according to the best of our information and as shown by the books of the Fund. We have obtained all the information and explanations we have required.

JUN 7 1982

the 1990s, the number of people in the UK who are aged 65 and over has increased by 1.5 million (1990–2000) and is projected to increase by a further 1.5 million by 2020 (Office for National Statistics 2001).

There is a growing awareness of the need to develop strategies to meet the needs of the ageing population. The Department of Health (2000) has identified the need to develop a new paradigm of care for the ageing population, one that is based on the concept of 'active ageing'. This paradigm is based on the idea that ageing is a process, not a state, and that the goal of care should be to promote the health and well-being of older people, rather than to simply manage their decline.

The Department of Health (2000) has identified a number of key areas for action in order to achieve this paradigm. These include: (1) promoting the health and well-being of older people; (2) ensuring that older people have access to the services and resources they need; (3) ensuring that older people are able to participate in the decisions that affect their lives; and (4) ensuring that older people are able to live in their own homes and communities. This paper will focus on the first of these areas, promoting the health and well-being of older people.
